TECHNICAL SKILLS

Languages: C, Python, SQL, JavaScript, HTML, CSS, Rust

Tools & Platforms: Tableau, PowerBI, Apache Airflow, Excel, PowerPoint, Word

Methodologies: Agile/Scrum

Languages (Spoken): English & Spanish (Bilingual)

PROFESSIONAL EXPERIENCE

Software Engineer | Lockheed Martin | Remote

Apr 2024 – Apr 2026

- Developed and maintained automated regression test suites, reducing manual testing effort and improving release reliability
- Built and modified Apache Airflow DAGs to automate data pipeline workflows
- Diagnosed and resolved SQL query issues across multiple dialects, including DB2 translations, improving data accuracy for downstream reporting
- Enhanced Tableau dashboards, delivering actionable and accurate logistics insights to stakeholders
- Collaborated directly with end users in an Agile environment to gather requirements and implement Tableau and SQL solutions

Business Analyst Intern | Evertec | San Juan, PR

Jun 2022 – Aug 2022

- Restructured and standardized Excel data sheets containing customer and service data, improving accessibility and usability for leadership and analyst teams
- Streamlined data organization processes, reducing time spent locating and interpreting client information for both client-facing and analytical teams

Business Analytics Intern | Banco Popular | San Juan, PR

Jun 2021 – Jul 2021

- Designed and deployed an interactive PowerBI dashboard to track and visualize employee quarterly production metrics for wealth management leadership
- Automated recurring manual data collection and reporting processes, freeing up analyst time and improving management oversight of team productivity

PROJECTS

Full-Stack AirBnB Clone — Holberton Coding School, San Juan, PR

- Engineered a full-stack AirBnB clone from the ground up, covering backend console, static frontend, relational database integration, and RESTful API development
- Delivered a fully dynamic, multi-layered web application demonstrating end-to-end software development skills

EDUCATION

Certificate – Foundations in Computer Science & Software Engineering
